Name: Reyhan M. Serenio
Company: Anjo World Global Sourcing Inc.

ACCOMPLISHMENT REPORT

On March 16, 2024, I began my on-the-job training at Anjo World Global Sourcing Inc. During this period, I was able to learn the fundamentals of both CCTV and Tech Support.

1.Installing the camera
-Mount cameras securely, considering angles and coverage requirements.

2.Power and cabling
-Use high-quality cables to maintain signal integrity.

3.DISPLAY MONITORING
-Deploy remote access for PC or smartphone monitoring.

4. Troubleshooting CCTV:
-Common problems: Address issues like blurry images, signal loss, or camera malfunctions promptly. Regularly check and clean cameras to prevent dust and debris interference.

5. Correct Connection of Wiring:
Equipment Setup: Make sure all hardware components are connected correctly and securely. Check power sources and use the right cords for each item.

6. Troubleshooting the Internet:
 -Connection Problems: Identify and fix frequent connectivity issues, like erratic connections or dropped signals.

7.Printer Troubleshooting:
 Print Quality Issues:Address problems related to print quality, such as smudging or faded prints.Check and replace ink or toner cartridges as needed.
